Spotted Outbreak Of False Chinch Bugs Reported

Spotted outbreak of the False Chinch bug have been reported in several fields of Jones County grain sorghum, according to County Agent Kirby Clayton. The chinch bug, a knat-like insect, which feeds by sucking the juices from the kernel of the grain, may severely damage sorghums if present in large enough numbers.

The False Chinch bug migrates to sorghum fields from Johnson grass patches or fence rows and are usually confined to small areas near the fence rows for a few days. Spraying the small infested area with a small hand sprayer during this period may prevent the insect from spreading to the entire field; however if the infestation is large scale and spreads to the entire field, aerial application of insecticides is about the only answer, says the agent.

Toxaphene, Sevin, Phosdrin and Parathion are all recommended for control of the False Chinch bug, but phosdrin and parathion should not be used by hand applicators says Clayton. Toxaphene should be applied only once and it should be applied 28 days before harvest. Sevin is unlimited as to number of times it can be applied but it should be applied 21 days before harvest. Parathion should be applied 12 days and Phosdrin 3 days before harvest.

For further information on control of the False Chinch bug, contact your local county agent.

Notices to appear before the county board of equalization have been mailed to city property owners in all of Stamford and Anson and most of Hamlin, County Judge Leon Thurman said this week, adding that owners of farm property will get notices of their new valuations starting next week.

Judge Thurman explained that notices are mailed only where increase are made in valuations. He said that the figures which appears on the card is 20 per cent of the "true" valuations per acre but minerals and improvements are in addition to this.

PATTERNS FOR PROGRESS

A Community Survey can chart the road to community development

Community development is one of the fastest growing activities in America today. Many communities, both large and small, are attacking the problems with new vigor and vitality.

While there is no easy road to success, no simple formula to follow, one thing is certain... a community must start with a thoughtfully planned and soundly developed Community Survey. It assesses and evaluates both favorable and unfavorable economic and civic factors which affect community growth, and discloses factors which can be used to solicit new business and industry.

To be fully effective it must be a continuing study, since conditions change as economic handicaps are eliminated and economic advantages multiply. The survey has the added value of helping to clarify a community's aims and objectives in the field of improvement, growth and development.

Such a community survey then becomes the PATTERN FOR PROGRESS.

WTU's area development representatives will assist growth-conscious communities in planning a continuing community survey for economic development. This service is available on request through your WTU local manager.

Plenty of ROOM!

Have you ever, when on a vacation, in the peak of the tourist season, looked and looked along the highway for a roadside park with an empty table so that your family could have a picnic lunch and rest? Then, of course, all might travel refreshed. How nice it is to come upon a park like this one, with the breeze blowing across the water.

Isn't it wonderful that there is always plenty of room at the House of God? There is always a church where you can receive spiritual food, and sweet rest of the soul. The church holds out its arms in welcome to all, inviting everyone to come and learn of God. Won't you attend this week?

"Come unto me, all ye that labour and are heavy laden, and I will give you rest." Matthew 11:28.

HIGHWAY DEPT. OPENS TOURIST CENTER IN CAPITOL BUILDING

AUSTIN — Governor John Connally and the State Highway Engineer D. C. Greer received the first copies of a new tour-guide folder at opening ceremonies of the State's tourist information center in the State Capitol building today.

The information center was installed in the Capitol building at the request of the Governor. It was designed and erected by the Texas Highway Department and will be manned by employees of the department's Travel and Information Division.

Although the Texas Highway Department operates seven tourist information centers on key highways along the State's borders, this is the first such center to be established anywhere else in the State.

The tourist center is expected to serve the thousands of visitors to the State Capitol each year.

Governor Connally has been a strong supporter of the Texas tourist industry. Some 11.7 mil-

lion out-of-state visitors are estimated to have spent approximately \$532 million in the Lone Star State last year, setting an all time record for visitors and expenditures.

The Texas Governor had high praise for the Texas Highway Department role in promoting tourist travel in Texas. The Governor said Texas highways are the best in the nation and are a prime tourist attraction.

In addition to operate the tourist information centers, the Highway Department traditionally has been engaged in activities designed to spur vacation and recreational travel in Texas.

Greer, the Highway Department's chief administrative officer, pointed out that about 90 per cent of all visitors to Texas arrive by automobile.

"The 65,000-mile Texas State maintained highway system virtually is synonymous with travel and tourism," Greer said. "Our highways are the gateways through which these millions of visitors pass to reach our wonderful vacation and recreational playgrounds."

To attract visitors, the Highway Department prepares travel oriented literature depicting the state's outstanding scenic, historic and cultural attractions. These include brochures, posters, pamphlets, pictures, films, and the official travel map published each year. The dept. each year handles over 200,000 inquiries received through the mail and aids over 400,000 travelers who visit the Tourist Information Centers.

The department also maintains a photographic library and supplies pictures, information and travel stories to the national travel editors, travel publications and various mass communication media.

Special tourist information markers are erected to identify historic and scenic spots in Texas, along with safety rest areas, special signs, and other facilities designed to add a little something extra to travel in Texas.

Social Security Representative

James W. Smith, claims representative of the Abilene social security district office will visit Hamlin on Tuesday, July 14. He will be at the Fire Station at 10 a.m. Smith states that these field visits are made for the convenience of the residents of this area and that they will receive the same service on claims and other matters pertaining to social security that they would receive in the Abilene office.

FAIRVIEW NEWS

By MRS. ELMER JOINER

About all the folks out this way think about these days is some way to keep cool, for the weather has really turned hot, and to think that we will have three more months like it is certainly depressing to ponder on, but we have always lived over it and am sure most of us will survive this summer.

In the absence of the pastor, who is on vacation, Rev. J. E. Bagley, retired Baptist Evangelist, from Abilene, filled the pulpit both services Sunday. Those attending reported that he is an old time gospel preacher, and his messages were enjoyed very much.

Prayer services were attended a little better, last Wednesday night, having a good service despite the absence of the pastor. H. L. Ford brought the devotional, next week Woodrow Goodwin will bring it. It is good to see people come out to services, even though the pas-

Rosenbaum, over the Fourth. Mr. and Mrs. Buck Joiner and children, Odessa were visiting in the Hamlin vicinity last week, while on vacation.

Mr. and Mrs. Jimmy Joiner and children, also on vacation, were here also, visiting both of their parents, the Joiners and Bailey Meeks.

Dorothy Gray took advantage of the holiday to come home, from Amarillo, to see her parents, Mr. and Mrs. Winston Gray.

Connie, Della and Maude Drake, went to the park in Eastland, Sunday, to attend the Drake reunion. They report it to be dry down that way, some farmers don't even have their peanuts planted, since it has been so dry.

Mr. and Mrs. Elmer Joiner went to Lubbock Saturday, returning Sunday, spending the night with his sister, Mrs. Henry Kee, since Mr. Kee was gone to Jacksboro, to attend a reunion of his mother's family. They visited some in Crosbyton, enroute home, one stop being to see twin sons of Mr. and Mrs. Alton Taylor, they being the grandchildren of Mr. and Mrs. Roy Taylor, Muleshoe, old time friend of the Joiners. The twins are fine boys, two just alike always are so cute.

Mr. and Mrs. John Beauchamp and Debra, visited with the Woodrow Goodwins, Saturday night.

Sunday night, after church, the Winston Grays visited the Goodwins.

We forgot to mention last week that we have some new residents out our way. Mr. and Mrs. Joe Bonds Jr., have moved in the Herman Propst house, we extend to them a hearty welcome in our midst.

It was learned by this reporter, while in Lubbock, that Mr. and Mrs. S. R. Irwin, former resident of this vicinity, now living in Lubbock these many past years, will celebrate their 60th wedding anniversary, in their home, which is located at 213 43rd St. Lubbock, July 12, which is this coming Sunday. Sixty years is a long time and it is wonderful to be together that long, both being in fairly good health.

Mr. Wilbur Kink attended a short course in Leadership Training at Texas Tech in Lubbock June 29-30. This week he has been at Texas A & M attending courses in Livestock Judging and Meats Judging.

The couple will live in Waco where they will be attending Baylor University this fall.

Mr. and Mrs. Carroll Hunt of Childress visited during the weekend with their son and family, Mr. and Mrs. Tommy Hunt, Kim and Kyle.

Mrs. Joan Bybee and Jeff of Estelline visited with Mrs. Paul Buchanan and Mrs. Tommy Hunt Monday.

Harolyn Kay Lawlis And Randy Brown Plan Sept. Wedding

Mr. and Mrs. Woodrow M. Lawlis of Sylvester, are announcing the engagement and approaching marriage of their daughter, Harolyn Kay, to Randy Charles Brown, son of Mr. and Mrs. Cecil Brown of Hamlin.

EIGHT NEW CONSERVATION PROGRAMS STARTED IN AREA

"A total of eight new Great Plains Conservation Program contracts were prepared on farms and ranches in the portion of the California Creek Soil Conservation District serviced by the Stamford Work Unit" stated Sam Nix, Work Unit Conservationist in Stamford. These eight contracts were on 9,493 acres and a fund total of \$56,730.92 was set aside by the Soil Conservation Service to assist on cost sharing the needed conservation practices.

These contracts include planned crop rotations and management practices such as stubble mulching, crop residue use, contour farming, range proper use and range deferred grazing. Practices receiving cost share assistance include pasture planting, range seeding, fence construction, waterways, terraces, diversions, farm ponds, and brush control.

Funds are now available for those interested in applying needed conservation work in a planned program. Funds became available as of July 1, 1964 for the 1965 fiscal year operations. Funds were exhausted in May of 1964 and contracts that had been approved prior, were not approved until July 1. Current indications show that the Great Plains Conservation Program funds for 1965 may be used up at an earlier ate than the 1964 funds.

\$18,000.00 has been tentatively set aside for farmers and ranchers in the Stamford SCS work area. If interested, now is the time to find out more about what the GPCP can provide in conservation cost sharing operations. Farmers in the Hamlin area who have terrace systems that are not adequate can receive cost share in tearing down old terraces and constructing new terraces. Only the GPCP will pay on tearing down old terraces that are not

PATTERNS FOR PROGRESS

A Community Survey can chart the road to community development

Community development is one of the fastest growing activities in America today. Many communities, both large and small, are attacking the problems with new vigor and vitality.

While there is no easy road to success, no simple formula to follow, one thing is certain... a community must start with a thoughtfully planned and soundly developed Community Survey. It assesses and evaluates both favorable and unfavorable economic and civic factors which affect community growth, and discloses factors which can be used to solicit new business and industry.

To be fully effective it must be a continuing study, since conditions change as economic handicaps are eliminated and economic advantages multiply. The survey has the added value of helping to clarify a community's aims and objectives in the field of improvement, growth and development.

Such a community survey then becomes the PATTERN FOR PROGRESS.

WTU's area development representatives will assist growth-conscious communities in planning a continuing community survey for economic development. This service is available on request through your WTU local manager.

FROM OUR FILES

TEN YEARS AGO:
Ernest Roberts, 21-year-old Rotan man, sustained severe internal injuries early Friday morning at the Celotex plant southwest of Hamlin, when a big stack of board material fell on him.

Hundreds of former residents are scheduled to return to the first annual Neinda community homecoming scheduled Sunday.

More than \$26,000 in pledges was raised Sunday by the First Baptist Church on a proposed \$87,000 educational building project, according to Rev. Houston Walker, pastor.

FIFTEEN YEARS AGO:
Mrs. B. S. Ferguson announced this week that she is planning the construction of a new drive-in type theatre in South Hamlin.

Numbers of houses of the residential sections of Hamlin have been ordered as a prelude to free mail delivery in town. The project is being sponsored by the Rotary and Lions Clubs.

Bank deposits at the Farmers and Merchants National Bank showed a slight gain over new deposits total is \$3,493,430.

More than 200 rangers of West Texas and other attended the barbecue dinner last Wednesday at Y-6 Ranch of Mrs. Faye Young Morton, north of Hamlin. The dinner was part of the annual tour of the West Texas Hereford Breeders Association.

TWENTY-FIVE YEARS AGO:
Dr. Robert Johnson of Camp Scott near Grandbury came up to attend the funeral of Gerald Morgan Monday.

Beautiful rains first of the week have given chop prospects in the territory considerable boost.

Mr. and Mrs. W. L. Cash spent last week with friends at Christoval.

Margaret Ruth Sellers is again in Baylor Hospital at Dallas for bone treatment.

Mr. and Mrs. T. C. Robertson and Mr. and Mrs. S. A. Herd and children visited Mr. and Mrs. Gaylon Robertson at Woodson Sunday.

Mr. and Mrs. Ira Clements and sons, Jimmy and Joe, and little Kaleta Atkins are visiting Mrs. Clements' sister, Mrs. Oscar Owen, and family at Albuquerque, New Mexico.

Plenty of ROOM!

Have you ever, when on a vacation, in the peak of the tourist season, looked and looked along the highway for a roadside park with an empty table so that your family could have a picnic lunch and rest? Then, of course, all might travel refreshed. How nice it is to come upon a park like this one, with the breeze blowing across the water.

Isn't it wonderful that there is always plenty of room at the House of God? There is always a church where you can receive spiritual food, and sweet rest of the soul. The church holds out its arms in welcome to all, inviting everyone to come and learn of God. Won't you attend this week?

"Come unto me, all ye that labour and are heavy laden, and I will give you rest." Matthew 11:28.

HIGHWAY DEPT. OPENS TOURIST CENTER IN CAPITOL BUILDING

AUSTIN — Governor John Connally and the State Highway Engineer D. C. Greer received the first copies of a new tour-guide folder at opening ceremonies of the State's tourist information center in the State Capitol building today.

Although the Highway Department operates seven tourist information centers on key highways along the State's borders, this is the first such center to be established anywhere else in the State.

The tourist center is expected to serve the thousands of visitors to the State Capitol each year.

Governor Connally has been a strong supporter of the Texas tourist industry. Some 11.7 million out-of-state visitors are estimated to have spent approximately \$532 million in the Lone Star State last year, setting an all time record for visitors and expenditures.

The Texas Governor had high praise for the Texas Highway Department role in promoting tourist travel in Texas. The Governor said Texas highways are the best in the nation and are a prime tourist attraction. In addition to operate the tourist information centers, the Highway Department traditionally has been engaged in activities designed to spur vacation and recreational travel in Texas.

Greer, the Highway Department's chief administrative officer, pointed out that about 90 per cent of all visitors to Texas arrive by automobile. "The 65,000-mile Texas State maintained highway system virtually is synonymous with travel and tourism," Greer said. "Our highways are the gateways through which these millions of visitors pass to reach our wonderful vacation and recreational playgrounds."

To attract visitors, the Highway Department prepares travel oriented literature depicting the state's outstanding scenic, historic and cultural attractions. These include brochures, posters, pamphlets, pictures, films, and the official travel map published each year. The dept. each year handles over 200,000 inquiries received over 400,000 travelers who visit the Tourist Information Centers.

The department also maintains a photographic library and supplies pictures, information and travel stories to the national travel editors, travel publications and various mass communication media. Special tourist information markers are erected to identify historic and scenic spots in Texas, along with safety rest areas, special signs, and other facilities designed to add a little something extra to travel in Texas.

Social Security Representative

James W. Smith, claims representative of the Abilene social security district office will visit Hamlin on Tuesday, July 14. He will be at the Fire Station at 10 a.m. Smith states that these field visits are made for the convenience of the residents of this area and that they will receive the same service on claims and other matters pertaining to social security that they would receive in the Abilene office.

By MRS. ELMER JOINER

About all the folks out this way think about these days is some way to keep cool, for the weather has really turned hot, and to think that we will have three more months like it is certainly depressing to ponder on, but we have always lived over it and am sure most of us will survive this summer.

In the absence of the pastor, who is on vacation, Rev. J. E. Bagley, retired Baptist Evangelist, from Abilene, filled the pulpit both services Sunday. Those attending reported that he is an old time gospel preacher, and his messages were enjoyed very much.

Prayer services were attended a little better, last Wednesday night, having a good service despite the absence of the pastor. H. L. Ford brought the devotional, next week Woodrow Goodwin will bring it. It is good to see people come out to services, even though the pas-

tor is gone. Visitors have been in evidence over the community, since this is vacation time, the time when we always look forward to seeing our friends and loved ones.

Mr. and Mrs. Flavil Holmes were happy to see her father, C. E. Best, Leeds, Alabama, also a sister, Mr. and Mrs. Virgil Barfield, from Birmingham, Ala., from Saturday night until Monday. Mr. and Mrs. Jimmy Holmes and Melody were here from Midland, as well as Mr. and Mrs. Jack Wright and children.

From Lineville, Alabama, Mr. and Mrs. John Gray, were visitors last Wednesday, of his cousin, Mr. and Mrs. Winson Gray's parents, Mr. and Mrs. E. C. Gray, of Anson, were also present.

Mr. and Mrs. Joe R. Rosenbaum, Pampa, visited with his parents, Mr. and Mrs. Fred

Rosenbaum, over the Fourth. Mr. and Mrs. Buck Joiner and children, Odessa were visiting in the Hamlin vicinity last week, while on vacation.

Mr. and Mrs. Jimmy Joiner and children, also on vacation, were here also, visiting both of their parents, the Joiners and Bailey Meeks.

Dorothy Gray took advantage of the holiday to come home, from Amarillo, to see her parents, Mr. and Mrs. Winson Gray.

Connie, Della and Maude Drake, went to the park in Eastland, Sunday, to attend the Drake reunion. They report it to be dry down that way, some farmers don't even have their peanuts planted, since it has been so dry.

Mr. and Mrs. Elmer Joiner went to Lubbock Saturday, returning Sunday, spending the night with his sister, Mrs. Henry Kee, since Mr. Kee was gone to Jacksboro, to attend a reunion of his mother's family. They visited some in Crosbyton, enroute home, one stop being to see twin sons of Mr. and Mrs. Alton Taylor, they being the grandchildren of Mr. and Mrs. Roy Taylor, Muleshoe, old time friend of the Joiners. The twins are fine boys, two just alike always are so cute.

Mr. and Mrs. John Beauchamp and Debra, visited with the Woodrow Goodwins, Saturday night.

Sunday night, after church, the Winson Grays visited the Goodwins.

We forgot to mention last week that we have some new residents out our way. Mr. and Mrs. Joe Bonds Jr., have moved in the Herman Propst house, we extend to them a hearty welcome in our midst.

It was learned by this reporter, while in Lubbock, that Mr. and Mrs. S. R. Irwin, former resident of this vicinity, now living in Lubbock these many past years, will celebrate their 60th wedding anniversary, in their home, which is located at 213 43rd St. Lubbock, July 12, which is this coming Sunday. Sixty years is a long time and it is wonderful to be together that long, both being in fairly good health.

Mr. Wilbur Kink attended a short course in Leadership Training at Texas Tech in Lubbock June 29-30. This week he has been at Texas A & M attending courses in Livestock Judging and Meats Judging.

EIGHT NEW CONSERVATION PROGRAMS STARTED IN AREA

"A total of eight new Great Plains Conservation Program contracts were prepared on farms and ranches in the portion of the California Creek Soil Conservation District serviced by the Stamford Work Unit" stated Sam Nix, Work Unit Conservationist in Stamford. These eight contracts were on 9,493 acres and a fund total of \$56,730.92 was set aside by the Soil Conservation Service to assist on cost sharing the needed conservation practices.

These contracts include planned crop rotations and management practices such as stubble mulching, crop residue use, contour farming, range proper use and range deferred grazing. Practices receiving cost share assistance include pasture planting, range seeding, fence construction, waterways, terraces, diversions, farm ponds, and brush control.

Funds are now available for those interested in applying needed conservation work in a planned program. Funds became available as of July 1, 1964 for the 1965 fiscal year operations. Funds were exhausted in May of 1964 and contracts that had been approved prior, were not approved until July 1. Current indications show that the Great Plains Conservation Program funds for 1965 may be used up at an earlier ate than the 1964 funds.

\$18,000.00 has been tentatively set aside for farmers and ranchers in the Stamford SCS work area. If interested, now is the time to find out more about what the GPCP can provide in conservation cost sharing operations. Farmers in the Hamlin area who have terrace systems that are not adequate can receive cost share in tearing down old terraces and constructing new terraces. Only the GPCP will pay on tearing down old terraces that are not

OLD GLORY ...

By Judy White

The Old Glory Girls 4-H Club won first place on their beautifully decorated green and white float at the Stamford Cowboy Reunion Parade last Thursday, July 2.

The theme of the float, "4-H, The Fountain of Youth," was lined in glittering letters on each side of the green float. In the center was a white fountain made of tissue paper from which rose a large white 4-H Clover with shining green H's in each petal. Green and white crepe paper wrapped around tall poles and then streaming toward the edges of the float appeared to be the water coming from the fountain. Seven girls in white formals rode the float.

Those who rode the float were Carolyn Sander, Reva Letz, Judy Sander, Judy White, Nancy Vahlenkamp, Billy Ann Vahlenkamp and Rita Baldree. All of the girls who rode the float helped in building it. They were assisted by Sharon Leverett and Regina Letz.

Mr. and Mrs. Pete Elliott of Arlington spent 4th of July holidays here with her parents Mr. and Mrs. Herbert Klump. V. R. Leverett and his son.

Jimmy left last Sunday for Highpoint, North Carolina, to pick up a new bus for the Old Glory School.

Mr. and Mrs. Cliff Gholson, Linda and Clifford, were accompanied by Marva Jean Dudensing, on a trip to New Mexico to visit friends over the 4th of July week end.

Sharon Leverett visited friends in Rutledge last week end.

Mrs. Ruth Flannagan who taught the 3rd and 4th grades here last year has resigned. Mr. and Mrs. Flannagan will again make their home in San Angelo.

Mrs. Ray Bridges recently hosted the meeting of the Old Glory Variety Club at her home on the 10X Ranch.

Visitors at the meeting were Mrs. Allen Letz, Mrs. Willie Fletcher and Beverly Garner and several children.

Dobe Robinson who has recently undergone major surgery at the Haskell Hospital is back home and is doing fine.

PHILOSOPHER COMES OUT WITH ECONOMY MOVE TO HOLD NOMINATING CONVENTIONS BY MAIL

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 reports on another of his unworkable notions this week.

Dear editor:

According to an article I read last night in a copy of a newspaper which blew out of a teen-ager's car which came around a corner out here near my farm on two wheels to save rubber I guess, a plan is under way to conduct the next national census by mail, instead of having thousands of paid people walking around knocking on doors, and this got me to thinking.

Why not hold national political conventions by mail? Here's the deal: it'll cost

millions of dollars for the Republicans to travel to San Francisco and the Democrats to Atlantic City, to set up all the telephone wires, television cables and cameras, to get the convention hall ready, to handle all the traffic, feed all the people, find hotel rooms, hire more police, etc.

This seems like going to a lot of expense and trouble to get a bunch of delegates from around the nation into one spot to vote by voice, particularly when most of them already know how they're going to vote anyway. But even if they don't know how they're going to vote, it seems like they could make up their minds about as well from their desks

back home and drop their vote into the mail, because if they're depending on making up their minds on the basis of a nominating speech in a noisy convention hall, you've got the wrong bunch for delegates to start with. If there ever was a delegate who was influenced by a bunch of people tearing down the aisles waving signs and beating drums, he was picked by mistake.

For \$500 worth of stamps, the whole thing could be conducted by mail.

However, I'll admit when the convention opens, I'll be sitting in front of a television set watching the show. After all, it takes place in the summer and in summer all televis-

ion fans are used to seeing reruns anyway.

Yours, faithfully,
J. A.

Auto Accident Results in Suit

An automobile accident on Highway 83 two miles south of Anson last Sept. 8 has resulted in a suit for damages filed in 104th District Court. Amount being sought is \$79,500 plus \$6,537 accrued hospital bills and \$3,000 for future bills.

In his petition, Frank Lasano claims he was driving north toward Anson when a car driven by Donald Ray Graham struck his car from behind. Lasano says Graham was going at an excessive rate of speed, was negligent in not keeping a safe lookout.
